

## Inquiry Specification for fully welded Plate Heat Exchangers

Your inquiry / project no.

Inquiry date

Company / personal data:

Company

Contact person

Street

ZIP Code / City

State

Country

Telephone / Telefax

E-mail

Technical data:

Medium

Temperature inlet\*

Temperature outlet\*

Volume flow rate\*

Mass flow rate\*

Heat duty\*

Operating pressure

Max. Pressure drop

Design pressure

warm side

cold side

	warm side	cold side	
Temperature inlet*			°C
Temperature outlet*			°C
Volume flow rate*			m <sup>3</sup> /h
Mass flow rate*			kg/h
Heat duty*			kW
Operating pressure			bar
Max. Pressure drop			mbar
Design pressure			bar

\* Not all data are needed. Please enter the known data for each medium.

Physical properties (for special media\*):

Density

Specific heat

Thermal conductivity

dyn. viscosity inlet

dyn. viscosity outlet

		kg/m <sup>3</sup>
		J/K*kg
		W/mK
		kg/ms
		kg/ms

\* If available please attach a media specification sheet
