

Inquiry Specification for fully welded Plate Heat Exchangers

Your inquiry / project no.

Inquiry date

Company / personal data:

Company

Contact person

Street

ZIP Code / City

State

Country

Telephone / Telefax

E-mail

Technical data:

warm side cold side

Medium

Temperature inlet*

Temperature outlet*

Volume flow rate*

Mass flow rate*

Heat duty*

Operating pressure

Max. Pressure drop

Design pressure

	warm side	cold side	
			°C
			°C
			m ³ /h
			kg/h
			kW
			bar
			mbar
			bar

* Not all data are needed. Please enter the known data for each medium.

Physical properties (for special media*):

Density

Specific heat

Thermal conductivity

dyn. viscosity inlet

dyn. viscosity outlet

		kg/m ³
		J/K*kg
		W/mK
		kg/ms
		kg/ms

* If available please attach a media specification sheet
